

# Bad Blood Bad Health

You may not be to blame for bad blood, since it may have come down to you through generations. It is as often inherited as acquired.

Among its best known signs are scrofula, eczema, eruptions and sores, inflammations, swellings and bunces; but it also causes loss of appetite, that tired feeling, and general debility. By degrees it weakens all the organs and deranges all the functions of the body—and this is why bad blood means bad health.

## You Can Get Rid of It

This is confirmed by the experience of thousands who now enjoy the blessings of good blood, which is good health; but you must do what these people did—

## Take Hood's Sarsaparilla

whose wonderful efficacy in purifying and enriching the blood, giving strength and tone, and building up the whole system, has made it famous the world over.

Distinguished by its unequalled number of radical and permanent cures, described and proved by unimpeachable testimony, Hood's Sarsaparilla is the world's greatest blood medicine. Buy a bottle today.

### PIERCE FIRE ON THE BALTIMORE

Firemen Flood Burning Cotton in Hold of White Star Liner.

Liverpool, Nov. 3.—Fire was discovered yesterday in the cotton in hold No. 5 of the White Star liner Baltic, which left New York October 24.

After a determined fight on the part of a large number of firemen, the flames were confined to the hold, which was flooded. The extent of the loss cannot be ascertained for some time, but the damage is probably heavy.

The fire started soon after the liner had been safely docked.

### ARRESTED IN NORTHFIELD.

Antonio DeFilippo Charged With Stealing Jewelry.

Montpelier, Nov. 3.—Deputy Sheriff H. C. Lawson went to Northfield Thursday forenoon where he arrested Antonio DeFilippo, of that place, who is wanted by the chief of police of Milford, Mass., on the charge of stealing some jewelry. He was brought to the jail in this city and will be taken to Milford. It is understood that the complaint was made by DeFilippo's wife and the whole affair is the outgrowth of a family quarrel.

## Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling creature, with its insidious heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$300,000 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other hurtful or habit-forming ingredients, are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever; and that Mr. Bok's malicious statements were wholly and absolutely false. The action was brought in the Supreme Court of New York State, which promptly rendered a verdict in the doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

Massachusetts Republican Leaders Would  
Feel Much Happier if They Felt  
Sure of Governor Guild's  
Re-election.

Boston, Nov. 3.—The Republican leaders would feel much happier if they felt sure of Governor Guild's triumphant re-election than they now do. There is no use in disguising the fact that Moran and Brown are likely to receive a very large vote in the mill cities, and other places where the labor element is strongly entrenched. The careful canvasses made by the State committee show this to be the fact. Coupled with this there is a distressing apathy in those rural districts where Republican candidates are usually strong. Still worse than that, many country Republicans make no secret of the fact that they are going to vote for Moran. If Moran is to be re-elected next Tuesday, every putative anti-Moran vote must be got out.

Congressman Gardner's health is worse, and his physician has forbidden him to speak at all in the campaign. He is having a hard fight against Senator Scofield, but it looks as if he would carry the district by between 4000 and 5000, as against 9200 in 1904.

Butler Ames will probably defeat Flynn in the fifth Congressional district by between 3000 and 4000.

### MORAN AND PERKINS SUED.

Suits Are Entered by Counsel for Fairbanks.

Boston, Nov. 3.—William H. Fairbank of Warren has brought suit against District Attorney John B. Moran, Democratic candidate for governor, and James M. Perkins to recover \$50,000 from such for alleged slander. The writs were brought by Mr. Fairbank through his counsel, Choate, Hall & Stewart, and are returnable in December.

The action arises from the charges that the district attorney and Perkins have made in regard to the affairs of the Lewis and Clark Exposition. At present Fairbank is chairman of the Jamestown Exposition Commission and the district attorney is nightly attacking him, urging Governor Guild to remove him because of the disclosures in regard to the alleged transactions in which he is alleged to have figured while a member of the Lewis and Clark Expedition.

The alleged circumstances of the matter have been exploited by Mr. Moran and have been given publicity in the press.

The writs against Moran and Perkins are made returnable in Worcester county.

day made public a letter from William J. Bryan, endorsing the candidacy of William J. Bryan, endorsing the candidacy of William J. Bryan for governor of New York.

Mr. Bryan's letter follows:  
"My Dear Mr. Coler—I am very anxious to see Hearst elected, and would come to New York and help him if I thought an outside speaker would have been of assistance. From indications, however, he is going to win, and I ought to. If I have any friends there I want them to vote for him."  
"Bryan."

Mr. Coler said:  
"Mr. Bryan's letter should be enough for all Democrats in this state. As for independent voters, I cannot imagine they are going to take the advice of the piratical leaders of the old predatory political system. They will, I think, before voting ask themselves why it is that every leading beneficiary of what was known as 'commercialism in politics' is now bitterly and hysterically opposed to Mr. Hearst. Some of Mr. Hearst's newspaper opponents must think that the American public has lost its sense of humor when they solemnly quote statements of Croker and McCarren, those ideal reformers."

### McClellan Approves.

Mayor George B. McClellan was asked yesterday for his opinion of the interview given by Richard Croker in opposition to Mr. Hearst. "What can I say except to approve it?" asked the mayor. "Will it have any effect in changing votes?" he was asked.

"All the votes have been changed," the mayor responded. "I think it a very good telegram."

### SMASH-UP FOR HEARST WAGON.

Disaster Follows Attempt to Hitch It to the Roosevelt Star.

New York, Nov. 3.—The Herald says: Attempts to hitch the Hearst land wagon to the Roosevelt star have resulted in a bad smash-up for the wagon. It was a sort of challenge to Mr. Roosevelt to print portions of his writing and speeches in columns parallel with Hearst's, and the state with its "literature" designed to create the impression that the pseudo Democratic candidate's aims were similar to those of the President. He has resented this very sharply in the speech delivered at Uta Thursday night by Mr. Elihu Root, the secretary of state, who emphasized the most scathing remarks with the repeated assertion that he delivered these with the President's authority. On his own record, Mr. Root characterized Hearst as "a violent and unworthy demagogue."

There should be a governor fit and competent to hold up the President's honor, and carry on in this state his policy that the President is carrying on in the nation.

The number of citizens of the state of New York who share the President's opinion of Mr. Hearst's methods and aims will be made plain in his overwhelming defeat at the polls next Tuesday.

### COURT VOTERS.

New Hampshire Candidates Seeking to Make Favorable Impression.

Concord, N. H., Nov. 3.—In the present political campaign in New Hampshire, a new feature has been introduced—the campaign reception. At these receptions the citizens have been invited to come and meet the candidates personally, to ask them questions bearing on the matters at issue and to become familiar with the personal appearance of the aspirants for office.

Charles W. Floyd of Manchester, the Republican candidate for governor, has held such receptions at Keene and other places, while Nathan C. Jameson of Antrim, the Democratic gubernatorial candidate, has adopted the same plan at Tilton and other points.

In addition to the vote for governor, congressmen and members of the legislature, there is much activity in preparation for the vote in the various cities, and towns on the question of licensing the sale of liquor and no-license advocates are working hard to carry some of the cities.

### RANTANKEROUS FRIEND DEAD.

W. S. Manning, Made Famous by Depew, Succumbs to Age.

Albany, Nov. 3.—William S. Manning, who became celebrated in the insurance investigation as Senator Depew's "our friend up the river who has been very rantankerous of late," and who usually sets round at this time of the year, died at his home here, aged seventy-two years.

It was testified that Manning received \$1,000 a year from the New York Life, Mutual, and Equitable for a mysterious service which ended his long fight on the insurance ring. He denied that he had ever received more than \$650 a year.
